You are cordially invited to attend the meeting online. Whether or not you expect to attend the meeting, please vote by proxy over the telephone or through the internet, or by completing, dating, signing and returning the enclosed proxy as instructed in these materials, as promptly as possible in order to ensure your representation at the meeting. Please note, however, that if your shares are held through a broker, bank or other nominee and you wish to vote at the meeting, you must obtain a proxy issued in your name from that record holder.

FOR THE 2022 ANNUAL MEETING OF STOCKHOLDERS**

QUESTIONS AND ANSWERS ABOUT THESE PROXY MATERIALS AND VOTING

Why did I receive a notice regarding the availability of proxy materials on the internet?

Pursuant to rules adopted by the Securities and Exchange Commission (the “SEC”), we have elected to provide access to our proxy materials over the internet. Accordingly, we have sent you a Notice of Internet Availability of Proxy Materials (the “Notice”) because our Board of Directors (the “Board”) is soliciting your proxy to vote at the 2022 Annual Meeting of Stockholders (the “Annual Meeting”), including any votes related to adjournments or postponements of the meeting. All stockholders will have the ability to access the proxy materials on the website referred to in the Notice or request to receive a printed set of the proxy materials. Instructions on how to access the proxy materials over the internet or to request a printed copy may be found in the Notice. In this Proxy Statement, “we,” “us,” “our” and “Eiger” refer to Eiger BioPharmaceuticals, Inc.

We intend to mail the Notice on or about April 28, 2022 to all stockholders of record entitled to vote at the Annual Meeting.

Will I receive any other proxy materials by mail?

We may send you a proxy card, along with a second Notice, after May 9, 2022.

How do I attend the Annual Meeting?

You are entitled to attend the Annual Meeting if you were a stockholder as of the close of business on April 19, 2022, the record date, or hold a valid proxy for the meeting. To be admitted to the Annual Meeting, you will need to visit www.virtualshareholdermeeting.com/EIGR2022 and enter the 16-digit Control Number found next to the label “Control Number” on your Notice or proxy card. If you are a beneficial stockholder, you should contact the bank, broker or other institution where you hold your account well in advance of the meeting if you have questions about obtaining your control number/proxy to vote.

Whether or not you participate in the Annual Meeting, it is important that you vote your shares.

We encourage you to access the Annual Meeting before it begins. Online check-in will start approximately 15 minutes before the meeting on Thursday, June 16, 2022.

Who can vote at the Annual Meeting?

Only stockholders of record at the close of business on April 19, 2022 will be entitled to vote at the Annual Meeting. On this record date, there were 43,216,126 shares of common stock outstanding and entitled to vote. A list of stockholders entitled to vote at the Annual Meeting will be available for examination during normal business hours for ten days before the Annual Meeting at our address above. To the extent office access is impracticable due to the ongoing COVID-19 pandemic, you may send a written request to the Corporate Secretary at our corporate headquarters, and we will arrange a way for you to inspect the list.

Stockholder of Record: Shares Registered in Your Name

If on April 19, 2022 your shares were registered directly in your name with our transfer agent, American Stock Transfer & Trust Company, LLC, then you are a stockholder of record. As a stockholder of record, you may vote

online at the meeting or vote by proxy. Whether or not you plan to attend the meeting, we urge you to vote by proxy over the telephone, on the internet as instructed below or by proxy using a proxy card that you may request or that we may elect to deliver at a later time to ensure your vote is counted.

Beneficial Owner: Shares Registered in the Name of a Broker or Bank

If on April 19, 2022 your shares were held not in your name but rather in an account at a brokerage firm, bank, dealer or other similar organization, then you are the beneficial owner of shares held in “street name” and the Notice is being forwarded to you by that organization. The organization holding your account is considered to be the stockholder of record for purposes of voting at the Annual Meeting. As a beneficial owner, you have the right to direct your broker or other agent regarding how to vote the shares in your account. You are also invited to attend the Annual Meeting. However, since you are not the stockholder of record, you may not vote your shares virtually at the meeting unless you request and obtain a valid proxy from your broker or other agent.

What am I voting on?

There are three matters scheduled for a vote:

- Election of three Class I directors to hold office until the 2025 Annual Meeting of Stockholders;
- Advisory approval of the compensation of the Company’s named executive officers, as disclosed in this Proxy Statement in accordance with SEC rules; and
- Ratification of selection by the Audit Committee of the Board of Directors of KPMG LLP as the Company’s independent registered public accounting firm for the fiscal year ending December 31, 2022.

What if another matter is properly brought before the meeting?

The Board of Directors knows of no other matters that will be presented for consideration at the Annual Meeting. If any other matters are properly brought before the meeting, it is the intention of the persons named in the accompanying proxy to vote on those matters in accordance with their best judgment.

How do I vote?

You may either vote “For” the nominees to the Board of Directors or you may “Withhold” your vote for the nominees. For each of the other matters to be voted on, you may vote “For,” “Against” or abstain from voting.

The procedures for voting are as follows:

Stockholder of Record: Shares Registered in Your Name

If you are a stockholder of record, you may vote online at the Annual Meeting, vote by proxy over the telephone, vote by proxy through the internet or vote by proxy using a proxy card that you may request and that we may elect to deliver at a later time. Whether or not you plan to attend the meeting, we urge you to vote by proxy to ensure your vote is counted. You may still attend the meeting and vote online even if you have already voted by proxy.

- To vote during the Annual Meeting, if you are a stockholder of record as of the record date, follow the instructions at www.virtualshareholdermeeting.com/EIGR2022. You will need to enter the 16-digit Control Number found on your Notice or in the email sending you the Proxy Statement.
- To vote using the proxy card that may be delivered to you, simply complete, sign and date the proxy card and return it promptly in the envelope provided. If you return your signed proxy card to us before the Annual Meeting, we will vote your shares as you direct.

- To vote over the telephone, dial toll-free 1-800-690-6903 using a touch-tone phone and follow the recorded instructions. You will be asked to provide the company number and control number from the Notice. Your telephone vote must be received by 11:59 p.m., Eastern Time on June 15, 2022 to be counted.
- To vote through the internet, go to <http://www.proxyvote.com> to complete an electronic proxy card. You will be asked to provide the company number and control number from the Notice. Your internet vote must be received by 11:59 p.m. Eastern Time on June 15, 2022 to be counted.

Beneficial Owner: Shares Registered in the Name of Broker or Bank

If you are a beneficial owner of shares registered in the name of your broker, bank, or other agent, you should have received a Notice containing voting instructions from that organization rather than from Eiger. Simply follow the voting instructions in the Notice to ensure that your vote is counted. To vote online at the Annual Meeting, you must obtain a valid proxy from your broker, bank or other agent. Follow the instructions from your broker or bank included with these proxy materials or contact your broker or bank to request a proxy form.

How many votes do I have?

On each matter to be voted upon, you have one vote for each share of common stock you own as of April 19, 2022.

What happens if I do not vote?

Stockholder of Record: Shares Registered in Your Name

If you are a stockholder of record and do not vote by completing your proxy card, by telephone, through the internet or online at the Annual Meeting, your shares will not be voted.

Beneficial Owner: Shares Registered in the Name of Broker or Bank

If you are a beneficial owner and do not instruct your broker, bank, or other agent how to vote your shares, your broker, bank or other agent may still be able to vote your shares in its discretion. In this regard, under the rules of the New York Stock Exchange (NYSE), brokers, banks and other securities intermediaries that are subject to NYSE rules may use their discretion to vote your “uninstructed” shares with respect to matters considered to be “routine” under NYSE rules, but not with respect to “non-routine” matters. Proposals 1 and 2 are considered to be “non-routine” under NYSE rules, meaning that your broker may not vote your shares on those proposals in the absence of your voting instructions. However, Proposal 3 is considered a “routine” matter under NYSE rules, meaning that if you do not return voting instructions to your broker before its deadline, your shares may be voted by your broker in its discretion on Proposal 3.

What if I return a proxy card or otherwise vote but do not make specific choices?

If you return a signed and dated proxy card or otherwise vote without marking voting selections, your shares will be voted, as applicable, “For” the election of the nominees for director; “For” the advisory approval of named executive officer compensation and “For” the ratification of the selection by the Audit Committee of the Board of KPMG LLP as the Company’s independent registered public accounting firm for the fiscal year ending December 31, 2022. If any other matter is properly presented at the meeting, your proxyholder (one of the individuals named on your proxy card) will vote your shares using his or her best judgment.

Who is paying for this proxy solicitation?

We will pay for the entire cost of soliciting proxies. In addition to these proxy materials, our directors and employees may also solicit proxies in person, by telephone, or by other means of communication. Directors and employees will not be paid any additional compensation for soliciting proxies. We may also reimburse brokerage firms, banks and other agents for the cost of forwarding proxy materials to beneficial owners.

What does it mean if I receive more than one Notice?

If you receive more than one Notice, your shares may be registered in more than one name or in different accounts. Please follow the voting instructions on the Notices to ensure that all of your shares are voted.

Can I change my vote after submitting my proxy?

Stockholder of Record: Shares Registered in Your Name

Yes. You can revoke your proxy at any time before the final vote at the meeting. If you are the record holder of your shares, you may revoke your proxy in any one of the following ways:

- You may submit another properly completed proxy card with a later date.
- You may grant a subsequent proxy by telephone or through the internet.
- You may send a timely written notice that you are revoking your proxy to Eiger's Corporate Secretary at 2155 Park Blvd., Palo Alto, California 94306.
- You may attend the Annual Meeting and vote online. Simply attending the meeting will not, by itself, revoke your proxy.

Your most current proxy card or telephone or internet proxy is the one that is counted.

Beneficial Owner: Shares Registered in the Name of Broker or Bank

If your shares are held by your broker or bank as a nominee or agent, you should follow the instructions provided by your broker or bank.

When are stockholder proposals and director nominations due for next year's Annual Meeting?

To be considered for inclusion in next year's proxy materials, your proposal must be submitted in writing by December 30, 2022 to Eiger's Corporate Secretary at 2155 Park Blvd., Palo Alto, California 94306. If you wish to submit a proposal (including a director nomination) at the meeting that is not to be included in next year's proxy materials, you must provide specified information in writing to our Corporate Secretary at the address above no earlier than February 16, 2023, and no later than March 18, 2023; provided, however, that if our 2023 Annual Meeting of Stockholders is held before May 17, 2023, or after July 16, 2023, notice by the stockholder to be timely must be received not earlier than the close of business on the 120th day prior to such annual meeting and not later than the close of business on the later of the 90th day prior to such annual meeting or the 10th day following the day on which public announcement of the date of such meeting is first made. You are also advised to review the Company's Bylaws which contain additional requirements about advance notice of stockholder proposals and director nominations. In addition to satisfying the foregoing requirements and those under our Bylaws, to comply with the universal proxy rules (once effective), stockholders who intend to solicit proxies in support of director nominees other than management's nominees must provide notice that sets forth the information required by Rule 14a-19 under the Securities Exchange Act of 1934, as amended, or the "Exchange Act," no later than April 17, 2023.

How are votes counted?

Votes will be counted by the inspector of election appointed for the meeting, who will separately count each proposal as follows:

- For Proposal 1, the proposal to elect directors, votes "For" and "Withhold" will be counted for each nominee. Broker non-votes will not be counted towards the vote total for the nominee.

- For Proposal 2, to approve on an advisory basis the compensation of the Company’s named executive officers as disclosed in the Proxy Statement, “For” and “Against” and abstentions will be counted, with abstentions having the same effect as “Against” votes. Broker non-votes have no effect and will not be counted towards this proposal.
- For Proposal 3, to ratify the selection by the Audit Committee of our Board of Directors of KPMG LLP as our independent registered public accounting firm, “For” and “Against” and abstentions will be counted, with abstentions having the same effect as “Against” votes.

What are “broker non-votes”?

As discussed above, when a beneficial owner of shares held in “street name” does not give instructions to the broker or nominee holding the shares as to how to vote on matters deemed by applicable stock exchange rules to be “non-routine,” the broker or nominee cannot vote the shares. These unvoted shares are counted as “broker non-votes.”

How many votes are needed to approve each proposal?

The following table summarizes the minimum vote needed to approve each proposal and the effect of abstentions and broker non-votes.

<u>Proposal Number</u>	<u>Proposal Description</u>	<u>Vote Required for Approval</u>	<u>Effect of Abstentions</u>	<u>Effect of Broker Non-Votes</u>
1	Election of Directors	Nominees receiving the most “For” votes	No effect	No effect(1)
2	Approval on an advisory basis of the compensation of the Company’s named executive officers	“For” votes from the holders of a majority of shares present virtually or represented by proxy and entitled to vote on the matter	Against	No effect
3	Ratification of the selection of KPMG LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2022.	“For” votes from the holders of a majority of shares present virtually or represented by proxy and entitled to vote on the matter	Against	Not applicable(2)

- (1) While “Withhold” votes and broker non-votes will have no effect on the outcome of the vote, we have adopted a Director Resignation Policy pursuant to which any nominee for director at the Annual Meeting would be required to submit an offer of resignation for consideration by the Nominating and Governance Committee if such nominee for director receives a greater number of “Withhold” votes in respect of his or her election than votes “For” such election. For more information on this policy see the section titled “Information Regarding the Board of Directors and Corporate Governance—Director Resignation Policy.”
- (2) This proposal is considered to be a “routine” matter under NYSE rules. Accordingly, if you hold your shares in street name and do not provide voting instructions to your broker, bank or other agent that holds your shares, your broker, bank or other agent has discretionary authority under NYSE rules to vote your shares on this proposal.

How does the Board of Directors recommend that I vote?

Our Board of Directors recommends that you vote “For” the election of the nominees for director in Proposal 1; “For” the advisory approval of named executive officer compensation and “For” the ratification of the selection by the Audit Committee of the Board of KPMG LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2022.

What is the quorum requirement?

A quorum of stockholders is necessary to hold a valid meeting. A quorum will be present if stockholders holding at least a majority of the outstanding shares entitled to vote are present at the meeting virtually or represented by proxy. On the record date, there were 43,216,126 shares outstanding and entitled to vote. **Thus, the holders of 21,608,064 shares must be present virtually or represented by proxy at the meeting to have a quorum.**

Your shares will be counted towards the quorum only if you submit a valid proxy (or one is submitted on your behalf by your broker, bank or other nominee) or if you vote online at the meeting. Abstentions and broker non-votes will be counted towards the quorum requirement. If there is no quorum, the holders of a majority of shares present at the meeting virtually or represented by proxy may adjourn the meeting to another date.

How can I find out the results of the voting at the Annual Meeting?

Preliminary voting results will be announced at the Annual Meeting. In addition, final voting results will be published in a current report on Form 8-K that we expect to file within four business days after the Annual Meeting. If final voting results are not available to us in time to file a Form 8-K within four business days after the meeting, we intend to file a Form 8-K to publish preliminary results and, within four business days after the final results are known to us, file an additional Form 8-K to publish the final results.

What proxy materials are available on the internet?

The Proxy Statement, Form 10-K and Annual Report to stockholders are available at www.proxyvote.com.

All references to “Eiger,” “we,” “us” or “our” in this Proxy Statement mean Eiger BioPharmaceuticals, Inc., the combined company.

PROPOSAL 1

ELECTION OF DIRECTORS

Our Board of Directors is divided into three classes. Each class consists, as nearly as possible, of one-third of the total number of directors, and each class has a three-year term. Vacancies on the Board may be filled only by persons elected by a majority of the remaining directors. A director elected by the Board to fill a vacancy in a class, including vacancies created by an increase in the number of directors, shall serve for the remainder of the full term of that class and until the director's successor is duly elected and qualified.

Our Board of Directors currently has eight members. There are three directors in the class whose term of office expires in 2022: David A. Cory, R.Ph., M.B.A., David Apelian, M.D., Ph.D., M.B.A., and Christine Murray, M.S., R.A.C., each of whom is a nominee for director and currently a director of the Company. Based on the recommendation of the Nominating and Governance Committee, the Board nominated each of the three nominees for reelection. David A. Cory was elected to the Board prior to the completion of the Merger. David Apelian was appointed to the Board in June of 2017 and Christine Murray was appointed to the Board in January of 2019, each to serve as a Class I director. If elected at the Annual Meeting, each of the Class I nominees would serve until the 2025 Annual Meeting of Stockholders and until his or her successor has been duly elected and qualified, or, if sooner, until the director's death, resignation or removal.

It is the Company's policy to invite and encourage directors and nominees for director to attend the Annual Meeting. All directors attended the 2021 Annual Meeting.

Directors are elected by a plurality of the votes of the holders of shares present virtually or represented by proxy and entitled to vote on the election of directors. Accordingly, the nominees receiving the highest number of affirmative votes will be elected. Shares represented by executed proxies will be voted, if authority to do so is not withheld, for the election of the nominees named below. If the nominees become unavailable for election as a result of an unexpected occurrence, shares that would have been voted for that nominee will instead be voted for the election of a substitute nominee proposed by Eiger. Each person nominated for election has agreed to serve if elected. The Company's management has no reason to believe that any nominee will be unable to serve.

Although the election of directors at the Annual Meeting is uncontested and directors are elected by a plurality of the votes of the holders of shares present virtually or represented by proxy and entitled to vote on the election of directors, and we therefore expect that each of the named nominees for director will be elected at the Annual Meeting, we have adopted a Director Resignation Policy pursuant to which any nominee for director at the Annual Meeting would be required to submit an offer of resignation for consideration by the Nominating and Governance Committee if such nominee for director receives a greater number of "Withhold" votes in respect of his or her election than votes "For" such election. For more information on this policy see the section titled "Information Regarding the Board of Directors and Corporate Governance—Director Resignation Policy."

J.D. from Emory University School of Law. We believe Mr. Sachdev's qualifications to sit on the Board include his experience in healthcare public policy, global regulatory affairs and market access as well his senior executive management experience in the biopharmaceutical industry and federal government.

We believe Ms. Sablich's qualifications to sit on the Board include her experience in senior executive management roles with large, international biopharmaceutical companies.

INFORMATION REGARDING THE BOARD OF DIRECTORS AND CORPORATE GOVERNANCE

INDEPENDENCE OF THE BOARD OF DIRECTORS

As required under The Nasdaq Stock Market ("Nasdaq") listing standards, a majority of the members of a listed company's Board of Directors must qualify as "independent," as affirmatively determined by the Board of Directors. The Board consults with the Company's counsel to ensure that the Board's determinations are consistent with relevant securities and other laws and regulations regarding the definition of "independent," including those set forth in pertinent listing standards of Nasdaq, as in effect from time to time.

Consistent with these considerations, after review of all relevant identified transactions or relationships between each director, or any of his or her family members, and the Company, its senior management and its independent

auditors, the Board has affirmatively determined that, other than Mr. Cory, by virtue of his position as President and Chief Executive Officer, and Dr. Apelian, by virtue of his position as Chief Operating Officer and Executive Medical Officer until June 2019, each of the Company's directors is independent within the meaning of the applicable Nasdaq listing standards. In making this determination, the Board found that none of the directors or nominees for director had a material or other disqualifying relationship with the Company.

BOARD LEADERSHIP STRUCTURE

The Board of Directors of the Company has an independent Chair, Dr. Dietz, who has authority to, among other things, call and preside over Board meetings, including meetings of the independent directors, to set meeting agendas and to determine materials to be distributed to the Board. Accordingly, the Chair of the Board has substantial ability to shape the work of the Board. The Company believes that separation of the positions of the Chair and Chief Executive Officer reinforces the independence of the Board in its oversight of the business and affairs of the Company. In addition, the Company believes that having an independent Chair creates an environment that is more conducive to objective evaluation and oversight of management's performance, increasing management accountability and improving the ability of the Board to monitor whether management's actions are in the best interests of the Company and its stockholders. As a result, the Company believes that having an independent Chair can enhance the effectiveness of the Board as a whole.

ROLE OF THE BOARD IN RISK OVERSIGHT

One of the Board's key functions is informed oversight of the Company's risk management process. The Board does not have a standing risk management committee, but rather administers this oversight function directly through the Board as a whole, as well as through various Board standing committees that address risks inherent in their respective areas of oversight. In particular, our Board is responsible for monitoring and assessing strategic risk exposure, including a determination of the nature and level of risk appropriate for the Company. The Audit Committee has the responsibility to consider and discuss our major financial risk exposures and the steps our management has taken to monitor and control these exposures, including guidelines and policies to govern the process by which risk assessment and management is undertaken. The Audit Committee also monitors compliance with legal and regulatory requirements, the performance of our internal audit function and risk related to cybersecurity. In its cybersecurity oversight role, the Audit Committee receives regular updates from management on developments in this area and measures taken to mitigate cybersecurity risk exposures. The Nominating and Governance Committee monitors the effectiveness of our corporate governance guidelines, including whether they are successful in preventing illegal or improper liability-creating conduct. The Compensation Committee assesses and monitors whether any of our compensation policies and programs has the potential to encourage excessive risk-taking. It is the responsibility of the committee chairs to report findings regarding material risk exposures to the Board as quickly as possible. The Board has delegated to the Board's lead independent director the responsibility of coordinating between the Board and management with regard to the determination and implementation of responses to any problematic risk management issues.

MEETINGS OF THE BOARD OF DIRECTORS

The Board of Directors met nine times during the last fiscal year. Each Board member attended 75% or more of the aggregate number of meetings of the Board and of the committees on which he or she served, held during the portion of the last fiscal year for which he or she was a director or committee member.

INFORMATION REGARDING COMMITTEES OF THE BOARD OF DIRECTORS

The Board has three standing committees: an Audit Committee, a Compensation Committee and a Nominating and Governance Committee.

Audit Committee

Following Ms. Sablich's appointment to the Board, the Audit Committee of the Board of Directors is composed of four directors: Dr. Dietz (Chair), Dr. Glenn, Ms. Murray and Ms. Sablich. The Audit Committee met four times during the fiscal year. The Board has adopted a written Audit Committee charter that is available to stockholders on the Company's website at <http://ir.eigerbio.com/phoenix.zhtml?c=254349&p=irol-govhighlights>.

The Board of Directors has determined that each member of the Audit Committee meets the applicable Nasdaq rules and regulations regarding "independence" and each member is free of any relationship that would impair his or her individual exercise of independent judgment with regard to the Company.

In addition, the Board of Directors reviews the Nasdaq listing standards definition of independence for Audit Committee members on an annual basis and has determined that all members of the Company's Audit Committee are independent (as independence is currently defined in Rule 5605(c)(2)(A)(i) of the Nasdaq listing standards and Rule 10A-3 of the Securities Exchange Act of 1934, as amended (the "Exchange Act")).

The Board of Directors has also determined that Dr. Dietz qualifies as an "audit committee financial expert," as defined in applicable SEC rules. The Board made a qualitative assessment of Dr. Dietz's level of knowledge and experience based on a number of factors, including the scope of his experience and nature of his employment in the corporate finance sector.

The Audit Committee was established by the Board in accordance with Section 3(a)(58)(A) of the Exchange Act, to oversee the Company's corporate accounting and financial reporting processes and audits of its financial statements. For this purpose, the Audit Committee performs several functions. The primary functions of the Audit Committee include:

- evaluating the performance, independence and qualifications of our independent auditors and determining whether to retain our existing independent auditors or engage new independent auditors;
- reviewing and approving the engagement of our independent auditors to perform audit services and any permissible non-audit services;
- monitoring the rotation of partners of our independent auditors on our engagement team as required by law;
- prior to engagement of any independent auditor, and at least annually thereafter, reviewing relationships that may reasonably be thought to bear on their independence, and assessing and otherwise taking the appropriate action to oversee the independence of our independent auditor;

- reviewing our annual and quarterly financial statements and reports, including the disclosures contained under the caption “Management’s Discussion and Analysis of Financial Condition and Results of Operations,” and discussing the statements and reports with our independent auditors and management;
- reviewing with our independent auditors critical audit matters addressed in the audit of the Company’s financial statements and the relevant financial statement accounts and disclosures that relate to such matters;
- reviewing with our independent auditors and management significant issues that arise regarding accounting principles and financial statement presentation and matters concerning the scope, adequacy and effectiveness of our financial controls;
- reviewing with management and our auditors any earnings announcements and other public announcements regarding material developments;
- establishing procedures for the receipt, retention and treatment of complaints received by us regarding financial controls, accounting or auditing matters and other matters;
- preparing the report that the SEC requires in our annual Proxy Statement;
- reviewing and providing oversight of any related-person transactions in accordance with our related-person transaction policy
- reviewing and monitoring compliance with legal and regulatory responsibilities, including our code of business conduct and ethics, and overseeing cybersecurity risk management;
- reviewing our major financial risk exposures, including the guidelines and policies to govern the process by which risk assessment and risk management is implemented;
- reviewing on a periodic basis our investment policy; and
- reviewing and evaluating on an annual basis the performance of the Audit Committee, including compliance of the Audit Committee with its charter.

Report of the Audit Committee of the Board of Directors¹

The Audit Committee has reviewed and discussed the audited financial statements as of and for the fiscal year ended December 31, 2021 with management of the Company. The Audit Committee has discussed with the independent registered public accounting firm the matters required to be discussed by PCAOB Auditing Standard 1301, *Communications with Audit Committees*. The Audit Committee has also received the written disclosures and written communications from the independent registered public accounting firm required by applicable requirements of the PCAOB regarding the independent accountants’ communications with the audit committee concerning independence and has discussed with the independent registered public accounting firm the accounting firm’s independence. Based on the foregoing, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company’s Annual Report on Form 10-K for the fiscal year ended December 31, 2021.

Compensation Committee

The Compensation Committee is composed of four directors: Dr. Loh (Chair), Dr. Dietz, Dr. Glenn and Mr. Sachdev. The Compensation Committee met eight times during the fiscal year. The Board has adopted a written Compensation Committee charter that is available to stockholders on the Company's website at <http://ir.eigerbio.com/phoenix.zhtml?c=254349&p=irol-govhighlights>.

Our Board of Directors has determined that each member of the Compensation Committee is independent under Nasdaq listing standards and the rules and regulations of the SEC and is a "non-employee director" as defined in Rule 16b-3 promulgated under the Exchange Act.

The functions of the Compensation Committee include:

- determining the compensation and other terms of employment of our chief executive officer and our other executive officers and reviewing and approving corporate performance goals and objectives relevant to such compensation;
- reviewing and recommending to the full Board of Directors the compensation of our directors;
- evaluating and administering our equity incentive plans, compensation plans, including pension and profit-sharing plans and deferred compensation plans, and other similar plans and programs advisable for us, as well as reviewing and recommending to our Board of Directors the adoption, modification or termination of our plans and programs;
- establishing policies with respect to equity compensation arrangements;
- to the extent required by applicable SEC rules, reviewing with management our disclosures under the caption "Compensation Discussion and Analysis," when and as required by applicable rules and regulations of the SEC, and recommending to the full Board its inclusion in our periodic reports to be filed with the SEC; and
- conducting an annual assessment of the performance of the Compensation Committee and its members and the adequacy of its charter.

Compensation Committee Processes and Procedures

The Compensation Committee meets as often as its members deem necessary or appropriate. The agenda for each meeting is usually developed by the Chair of the Compensation Committee, in consultation with the Company's Chief Executive Officer. The Compensation Committee meets regularly in executive session. However, from time to time, various members of management and other employees as well as outside advisors or consultants may be invited by the Compensation Committee to make presentations, to provide financial or other background information or advice or to otherwise participate in Compensation Committee meetings. The Chief Executive Officer may not participate in, or be present during, any deliberations or determinations of the Compensation Committee regarding his compensation or individual performance objectives. The charter of the Compensation Committee grants the Compensation Committee full access to all books, records, facilities and personnel of the Company. In addition, under the charter, the Compensation Committee has the authority to obtain, at the expense of the Company, advice and assistance from compensation consultants and internal and external legal, accounting or other advisors and other external resources that the Compensation Committee considers necessary or appropriate in the performance of its duties. The Compensation Committee has direct responsibility for the oversight of the work of any consultants or advisers engaged for the purpose of advising the Committee. In particular, the Compensation Committee has the sole authority to retain, in its sole discretion, compensation consultants to assist in its evaluation of executive and director compensation, including the authority to approve the consultant's reasonable fees and other retention terms. Under the charter, the Compensation Committee may select, or receive advice from, a compensation consultant, legal counsel or other adviser to the compensation committee, other than in-house legal counsel and certain other types of advisers, only after taking into consideration six factors, prescribed by the SEC and Nasdaq, that bear upon the adviser's independence.

During the past fiscal year, we retained Aon Consulting Services, Inc. (“Radford”), a national executive compensation consulting firm, because of its reputation and previous experience advising similarly situated companies. We requested that Radford conduct a review of our compensation structure and policies and review our executive compensation structure. Radford supported the Compensation Committee in the areas of executive and equity compensation and Board of Director compensation, as well as an assessment of the Company’s various incentive plans, both cash and equity. Radford also provides support in addressing executive new hires on a case-by-case basis.

The Compensation Committee is expected to make most of the significant adjustments to annual compensation, determine bonus and equity awards and establish new performance objectives at one or more meetings held during the first quarter of the year. However, the Compensation Committee may also consider matters related to individual compensation, such as compensation for new executive hires, as well as high-level strategic issues, such as the efficacy of the Company’s compensation strategy, potential modifications to that strategy and new trends, plans or approaches to compensation, at various meetings throughout the year. Generally, the Compensation Committee’s process comprises two related elements: the determination of compensation levels and the establishment of performance objectives for the current year. For executives other than the Chief Executive Officer, the Compensation Committee solicits and considers evaluations and recommendations submitted to the Committee by the Chief Executive Officer. In the case of the Chief Executive Officer, the evaluation of his performance is conducted by the Board of Directors, which determines any adjustments to his compensation as well as awards to be granted. For all executives and directors as part of its deliberations, the Compensation Committee may review and consider, as appropriate, materials such as financial reports and projections, operational data, tax and accounting information, tally sheets that set forth the total compensation that may become payable to executives in various hypothetical scenarios, executive and director stock ownership information, company stock performance data, analyses of historical executive compensation levels and current Company-wide compensation levels and recommendations of the Compensation Committee’s compensation consultant, including analyses of executive and director compensation paid at other companies identified by the consultant.

Compensation Committee Interlocks and Insider Participation

None of the members of the compensation committee is currently or has been at any time one of our officers or employees. None of our executive officers currently serves, or has served during the last year, as a member of the board of directors or compensation committee of any entity that has one or more executive officers serving as a member of our Board of Directors or Compensation Committee.

Nominating and Governance Committee

The Nominating and Governance Committee of the Board of Directors is responsible for identifying, reviewing and evaluating candidates to serve as directors of the Company (consistent with criteria approved by the Board), reviewing and evaluating incumbent directors, selecting or recommending to the Board for selection candidates for election to the Board of Directors, making recommendations to the Board regarding the membership of the committees of the Board, assessing the performance of the Board and developing a set of corporate governance principles for the Company.

The Nominating and Governance Committee is composed of four directors: Mr. Sachdev (Chair), Dr. Dietz, Dr. Loh and Ms. Murray. All members of the Nominating and Governance Committee are independent (as independence is currently defined in Rule 5605(a)(2) of the Nasdaq listing standards). The Nominating and Governance Committee met seven times during the fiscal year. The Board has adopted a written Nominating and Governance Committee charter that is available to stockholders on the Company’s website at <http://ir.eigerbio.com/phoenix.zhtml?c=254349&p=irol-govhighlights>.

The Nominating and Governance Committee believes that candidates for director should have certain minimum qualifications, including the ability to read and understand basic financial statements and having the highest

personal integrity and ethics. The Nominating and Governance Committee also intends to consider such factors as possessing relevant expertise upon which to be able to offer advice and guidance to management, having sufficient time to devote to the affairs of the Company, demonstrated excellence in his or her field, having the ability to exercise sound business judgment and having the commitment to rigorously represent the long-term interests of the Company's stockholders. However, the Nominating and Governance Committee retains the right to modify these qualifications from time to time. Candidates for director nominees are reviewed in the context of the current composition of the Board, the operating requirements of the Company and the long-term interests of stockholders. In conducting this assessment, the Nominating and Governance Committee typically considers diversity, age, skills and such other factors as it deems appropriate, given the current needs of the Board and the Company, to maintain a balance of knowledge, experience and capability. In the case of incumbent directors whose terms of office are set to expire, the Nominating and Governance Committee reviews these directors' overall service to the Company during their terms, including the number of meetings attended, level of participation, quality of performance and any other relationships and transactions that might impair the directors' independence. In the case of new director candidates, the Nominating and Governance Committee also determines whether the nominee is independent for Nasdaq purposes, which determination is based upon applicable Nasdaq listing standards, applicable SEC rules and regulations and the advice of counsel, if necessary. The Nominating and Governance Committee then uses its network of contacts to compile a list of potential candidates, but may also engage, if it deems appropriate, a professional search firm. The Nominating and Governance Committee conducts any appropriate and necessary inquiries into the backgrounds and qualifications of possible candidates after considering the function and needs of the Board. The Nominating and Governance Committee meets to discuss and consider the candidates' qualifications and then selects a nominee by majority vote which we expect will typically be recommended to the full Board.

The Nominating and Governance Committee will consider director candidates recommended by stockholders. The Nominating and Governance Committee does not intend to alter the manner in which it evaluates candidates, including the minimum criteria set forth above, based on whether or not the candidate was recommended by a stockholder. Stockholders who wish to recommend individuals for consideration by the Nominating and Governance Committee to become nominees for election to the Board may do so by delivering a written recommendation to the Nominating and Governance Committee at the following address: c/o Corporate Secretary, Eiger BioPharmaceuticals, Inc., 2155 Park Blvd., CA 94306, no later than the close of business on the 90th day nor earlier than the close of business on the 120th day prior to the first anniversary of the preceding year's annual meeting. Submissions must include the name and address of the Company stockholder on whose behalf the submission is made; the number of Company shares that are owned beneficially by such stockholder as of the date of the submission; the full name of the proposed candidate; a description of the proposed candidate's business experience for at least the previous five years; complete biographical information for the proposed candidate; and a description of the proposed candidate's qualifications as a director. Any such submission must be accompanied by the written consent of the proposed nominee to be named as a nominee and to serve as a director if elected. In addition to satisfying the foregoing requirements, to comply with the universal proxy rules (once effective), stockholders who intend to solicit proxies in support of director nominees other than management's nominees must provide notice that sets forth the information required by Rule 14a-19 under the Exchange Act no later than April 17, 2023.

BOARD DIVERSITY

Eiger is committed to diversity across our organization, including with respect to identifying and evaluating director candidates. Our Nominating and Governance Committee places significant emphasis on diversity and actively considers whether nominees further the Company's goal of achieving a mix of Board members that represents a diversity of backgrounds, talents, skills and expertise. The current composition of our Board reflects the importance of diversity to the Company. The table below provides information regarding certain diversity attributes of our Board members and nominees as of April 28, 2022, with categories as set forth by Nasdaq Listing Rule 5605(f).

STOCKHOLDER COMMUNICATIONS WITH THE BOARD OF DIRECTORS

Historically, the Company has not provided a formal process related to stockholder communications with the Board. Nevertheless, every effort has been made to ensure that the views of stockholders are heard by the Board or individual directors, as applicable, and that appropriate responses are provided to stockholders in a timely manner. Stockholders can communicate with the Board by email at info@eigerbio.com or by mail at Board of Directors, c/o Corporate Secretary, Eiger BioPharmaceuticals, Inc., 2155 Park Boulevard, Palo Alto, California 94306. The Company believes its responsiveness to stockholder communications to the Board has been excellent. The Nominating and Governance Committee may from time to time give full consideration to the adoption of a formal process for stockholder communications with the Board and, if adopted, publish it promptly and post it to the Company's website.

CODE OF ETHICS

We have adopted a written Code of Business Conduct and Ethics that applies to our directors, officers and employees, including our principal executive officer, principal financial officer, principal accounting officer or controller and persons performing similar functions. A current copy of the code is posted on the Corporate Governance section of our website, which is located at <http://ir.eigerbio.com/phoenix.zhtml?c=254349&p=irol-govhighlights>. If we make any substantive amendments to, or grant any waivers from, the Code of Business Conduct and Ethics for any officer or director, we will disclose the nature of such amendment or waiver on our website or in a current report on Form 8-K.

DIRECTOR RESIGNATION POLICY

We have adopted a Director Resignation Policy pursuant to which any nominee for director is required to submit an offer of resignation for consideration by the Nominating and Governance Committee if such nominee for director (in an uncontested election) receives a greater number of "Withhold" votes from his or her election than votes "For" such election. In such case, the Nominating and Governance Committee will then consider all relevant facts and circumstances and recommend to the Board the action to be taken with respect to such offer of resignation. The Board will then act on the Nominating and Governance Committee's recommendation. Promptly following the Board's decision, we would disclose that decision and an explanation of such decision in a filing with the SEC or a press release.

ANTI-HEDGING POLICY

Our insider trading policy prohibits our board of directors, executive officers, employees and consultants, as well as family members or others subject to the influence or control of these individuals, from engaging in the trading of derivative securities, short sales, transactions in put or call options, hedging transactions, pledges, holding equity securities in margin accounts or other inherently speculative transactions relating to our equity securities.

PROPOSAL 2

ADVISORY VOTE ON EXECUTIVE COMPENSATION

Under the Dodd-Frank Wall Street Reform and Consumer Protection Act, or the Dodd-Frank Act, and Section 14A of the Exchange Act, the Company's stockholders are entitled to vote to approve, on an advisory basis, the compensation of the Company's named executive officers as disclosed in this Proxy Statement in accordance with SEC rules.

This vote is not intended to address any specific item of compensation, but rather the overall compensation of the Company's named executive officers. The compensation of the Company's named executive officers subject to the vote is disclosed in the compensation tables and the related narrative disclosure contained in this Proxy Statement. The Company believes that its compensation policies and decisions are designed to meet two objectives: (i) to attract and retain talented and skilled executives by paying for performance and (ii) to align the compensation of our executives with the interests of our stockholders through a mix of short-term and long-term compensation. Compensation of the Company's named executive officers is designed to enable the Company to attract and retain talented and experienced executives to lead the Company successfully in a competitive environment.

Accordingly, the Board is asking the stockholders to indicate their support for the compensation of the Company's named executive officers as described in this Proxy Statement by casting a non-binding advisory vote "FOR" the following resolution:

"RESOLVED, that the compensation paid to the Company's named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the compensation tables and narrative discussion that accompanies the compensation tables, is hereby APPROVED."

Because the vote is advisory, it is not binding on the Board or the Company. Nevertheless, the views expressed by the stockholders, whether through this vote or otherwise, are important to the Board and the Compensation Committee, and accordingly the Board and the Compensation Committee intend to consider the results of this vote in making determinations in the future regarding executive compensation arrangements.

Advisory approval of this proposal requires the vote of the holders of a majority of the shares present virtually or represented by proxy and entitled to vote on the matter at the Annual Meeting. Unless the Board decides to modify its policy regarding the frequency of soliciting advisory votes on the compensation of the Company's named executives, the next scheduled say-on-pay vote will be at the 2023 Annual Meeting of Stockholders.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE IN FAVOR OF PROPOSAL 2.

PROPOSAL 3

RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of the Board of Directors has selected KPMG LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2022 and has further directed that management submit the selection of its independent registered public accounting firm for ratification by the stockholders at the Annual Meeting. KPMG LLP served as the independent registered public accounting firm of Private Eiger, the accounting acquirer in the Merger and has audited Private Eiger's financial statements beginning with the year ended December 31, 2015. Representatives of KPMG LLP are expected to be present at the Annual Meeting. They will have an opportunity to make a statement if they so desire and will be available to respond to appropriate questions.

Neither the Company's Bylaws nor other governing documents or law require stockholder ratification of the selection of KPMG LLP as the Company's independent registered public accounting firm. However, the Audit Committee of the Board is submitting the selection of KPMG LLP to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the selection, the Audit Committee of the Board will reconsider whether to retain KPMG LLP or another firm. Even if the selection is ratified, the Audit Committee of the Board in its discretion may direct the appointment of different independent auditors at any time during the year if they determine that such a change would be in the best interests of the Company and its stockholders.

The affirmative vote of the holders of a majority of the shares present virtually or represented by proxy and entitled to vote on the matter at the Annual Meeting will be required to ratify the selection of KPMG LLP.

PRINCIPAL ACCOUNTANT FEES AND SERVICES

Current Independent Registered Public Accounting Firm Fees

The following table sets forth the fees for professional services rendered by KPMG LLP, the Company's independent registered public accounting firm, in connection with the audits of our annual financial statements for the years ended December 31, 2021 and 2020 and for other services rendered by KPMG LLP during those periods.

Audit Fees ⁽¹⁾	\$ 1,068,324	\$ 1,012,577
Audit-related Fees ⁽²⁾	—	—
Tax Fees	—	—
All Other Fees	—	—
Total Fees	\$ 1,068,324	\$ 1,012,577

- (1) Audit Fees consist of fees for professional services rendered in connection with the audit of our annual consolidated financial statements, including audited financial statements presented in our Annual Report on Form 10-K filed with the SEC, review of our quarterly financial statements presented in our quarterly reports on Form 10-Q, and services that are normally provided by our independent registered public accounting firm in connection with statutory and regulatory filings or engagements for those fiscal years.
- (2) Audit-related fees consist of fees for assurance and related services reasonably related to the performance of the audit or review of financial statements and that are not reported under the Audit Fees category.

PRE-APPROVAL POLICIES AND PROCEDURES

The Audit Committee has adopted a policy and procedures for the pre-approval of audit and non-audit services rendered by the Company's independent registered public accounting firm, KPMG LLP. The policy generally pre-approves specified services in the defined categories of audit services, audit-related services and tax services up to specified amounts. Pre-approval may also be given as part of the Audit Committee's approval of the scope of the engagement of the independent auditor or on an individual, explicit, case-by-case basis before the independent auditor is engaged to provide each service. The pre-approval of services may be delegated to one or more of the Audit Committee's members, but the decision must be reported to the full Audit Committee at its next scheduled meeting.

The Audit Committee has determined that the rendering of services other than audit services by KPMG LLP is compatible with maintaining the principal accountant's independence.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth certain information regarding the ownership of the Company's common stock as of March 15, 2022 by: (i) each of our directors and named executive officers; (ii) all executive officers and directors of the Company as a group; and (iii) all those known by the Company to be beneficial owners of more than five percent of its common stock.

Beneficial ownership is determined according to the rules of the SEC and generally means that a person has beneficial ownership of a security if he, she or it possesses sole or shared voting or investment power of that security, including options and warrants that are currently exercisable or exercisable within 60 days of March 15, 2022, or issuable upon settlement of restricted stock units within 60 days of March 15, 2022. Except as indicated by the footnotes below, we believe, based on the information furnished to us, that the persons named in the table below have sole voting and investment power with respect to all shares of common stock shown that they beneficially own, subject to community property laws where applicable. Common stock subject to stock options currently exercisable or exercisable within 60 days of March 15, 2022, or issuable upon settlement of restricted stock units within 60 days of March 15, 2022, is deemed to be outstanding for computing the percentage ownership of the person holding these options and the percentage ownership of any group of which the holder is a member but is not deemed outstanding for computing the percentage of any other person.

Our calculation of the percentage of beneficial ownership is based on 34,739,370 shares of our common stock outstanding on March 15, 2022. Unless otherwise indicated, the address of each beneficial owner listed in the table below is c/o Eiger BioPharmaceuticals, Inc., 2155 Park Blvd., Palo Alto, CA 94306.

Perquisites, Health, Welfare and Retirement Benefits

Eiger's named executive officers are eligible to participate in Eiger's employee benefit plans and programs, including medical and dental benefits, flexible spending accounts, long-term care benefits and short- and long-term disability and life insurance, to the same extent as its other full-time employees, subject to the terms and eligibility requirements of those plans.

Eiger maintains a tax-qualified retirement plan that provides eligible U.S. employees with an opportunity to save for retirement on a tax advantaged basis. Eligible employees may defer eligible compensation subject to applicable annual Code limits. The 401(k) plan permits participants to make both pre-tax and certain after-tax (Roth) deferral contributions. These contributions are allocated to each participant's individual account and are then invested in selected investment alternatives according to the participant's directions. Employees are immediately and fully vested in their contributions. Currently, Eiger makes matching contributions to the 401(k) plan in the amount of up to 4% of each eligible U.S. employee's annual salary, subject to applicable annual Code limits. The 401(k) plan is intended to be qualified under Section 401(a) of the Code with the 401(k) plan's related trust intended to be exempt under Section 501(a) of the Code. As a tax qualified retirement plan, contributions to the 401(k) plan and earnings on those contributions are not taxable to the employees until distributed from the 401(k) plan.

Although Eiger does not have a formal policy with respect to the grant of equity incentive awards to its executive officers or any formal equity ownership guidelines applicable to them, Eiger believes that equity grants provide its executives with a strong link to Eiger's long-term performance, create an ownership culture and help to align the interests of Eiger's executives and its stockholders. In addition, Eiger believes that equity grants with a time-based vesting feature promote executive retention because this feature incentivizes executive officers to remain in Eiger's employment during the vesting period. In 2021, Eiger granted Mr. Cory an option to purchase 329,750 shares of its common stock, Mr. Ryali an option to purchase 214,500 shares of its common stock and Mr. Mayer an option to purchase 88,750 shares of its common stock. Additionally, in 2021 Eiger granted Mr. Cory 47,000 restricted stock unit awards and 30,000 performance-based restricted stock unit awards, Mr. Ryali 16,250 restricted stock unit awards and 30,000 performance-based restricted stock unit awards and Mr. Mayer 11,875 restricted stock unit awards and 30,000 performance-based restricted stock unit awards.

TRANSACTIONS WITH RELATED PERSONS
RELATED-PERSON TRANSACTIONS POLICY AND PROCEDURES

We have adopted a written Related-Person Transactions Policy that sets forth our policies and procedures regarding the identification, review, consideration and oversight of “related-person transactions.” For purposes of our policy only, a “related-person transaction” is a transaction, arrangement or relationship (or any series of similar transactions, arrangements or relationships) in which we and any “related person” are participants involving an amount that exceeds \$120,000.

Transactions involving compensation for services provided to us as an employee, consultant or director are not considered related-person transactions under this policy. A related person is any executive officer, director or a holder of more than 5% of our common stock, including any of their immediate family members and any entity owned or controlled by such persons.

Under the policy, where a transaction has been identified as a related-person transaction, management must present information regarding the proposed related-person transaction to our Audit Committee (or, where review by our Audit Committee would be inappropriate, to another independent body of our Board of Directors) for review. The presentation must include a description of, among other things, the material facts, the direct and indirect interests of the related persons, the benefits of the transaction to us and whether any alternative transactions are available. To identify related-person transactions in advance, we rely on information supplied by our executive officers, directors and certain significant stockholders. In considering related-person transactions, our Audit Committee or another independent body of our Board of Directors takes into account the relevant available facts and circumstances including, but not limited to:

- the risks, costs and benefits to us;
- the impact on a director’s independence in the event the related person is a director, immediate family member of a director or an entity with which a director is affiliated;
- the terms of the transaction;
- the availability of other sources for comparable services or products; and
- the terms available to or from, as the case may be, unrelated third parties or to or from our employees generally.

In the event a director has an interest in the proposed transaction, the director must recuse himself or herself from the deliberations and approval.

CERTAIN RELATIONSHIPS AND RELATED-PERSON TRANSACTIONS

The following is a summary of transactions since January 1, 2018 in which we have participated where the amount involved exceeded or will exceed the lesser of 1% of our total assets or \$120,000 and in which any of our directors, executive officers or holders of more than 5% of our capital stock or any members of their immediate family had or will have a direct or indirect material interest, other than compensation arrangements which are described under “Executive Compensation” and “Director Compensation.”

Indemnification Agreements

We have entered into indemnity agreements with our directors and officers that provide, among other things, that we will indemnify such officer or director, under the circumstances and to the extent provided for therein, for all reasonable expenses and liabilities incurred with any action or proceeding brought against them by reason of the fact that they are serving in such capacity, and otherwise to the fullest extent permitted under Delaware law and our Bylaws.

HOUSEHOLDING OF PROXY MATERIALS

The SEC has adopted rules that permit companies and intermediaries (e.g., brokers) to satisfy the delivery requirements for Annual Meeting materials with respect to two or more stockholders sharing the same address by delivering a single set of Annual Meeting materials addressed to those stockholders. This process, which is commonly referred to as “householding,” potentially means extra convenience for stockholders and cost savings for companies.

This year, a number of brokers with account holders who are Eiger stockholders will be “householding” the Company’s proxy materials. A single set of Annual Meeting materials will be delivered to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker that they will be “householding” communications to your address, “householding” will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in “householding” and would prefer to receive a separate set of Annual Meeting materials, or if you currently receive multiple copies of the Annual Meeting materials at your address and would like to request “householding” of Annual Meeting materials, please notify your broker or Eiger. Direct your written request to Corporate Secretary, Eiger BioPharmaceuticals, Inc., 2155 Park Blvd., Palo Alto, CA 94306 or contact Mr. Atkisson at 650-272-6138.

OTHER MATTERS

The Board of Directors knows of no other matters that will be presented for consideration at the Annual Meeting. If any other matters are properly brought before the meeting, it is the intention of the persons named in the accompanying proxy to vote on such matters in accordance with their best judgment.
