Jefferies London Healthcare Conference

- Date & Time: Wednesday, November 16, 2022 at 11:30 a.m. GMT
- Format: Company presentation and one-on-one meetings

A live webcast of each presentation will be available on the Investors section of the Eiger BioPharmaceuticals website at www.eigerbio.com. Replays will be available on the website for at least 90 days.

About Eiger

Eiger is a commercial-stage biopharmaceutical company focused on the development of innovative therapies for hepatitis delta virus (HDV) and other serious diseases. The Eiger HDV platform includes two first-in-class therapies in Phase 3 that target critical host processes involved in viral replication. All five Eiger rare disease programs have been granted FDA Breakthrough Therapy designation: lonafarnib and peginterferon lambda for HDV, Zokinvy for progeria, and avexitide for both congenital hyperinsulinism and post-bariatric hypoglycemia.

For additional information about Eiger and its clinical programs, please visit www.eigerbio.com.
