Cautionary Statements Regarding Trading in the Company’s Securities

The Company’s securityholders are cautioned that trading in the Company’s securities during the pendency of the Chapter 11 Cases is highly speculative and poses substantial risks. Trading prices for the Company’s securities may bear little or no relationship to the actual recovery, if any, by holders thereof in the Company’s Chapter 11 Cases. Accordingly, the Company urges extreme caution with respect to existing and future investments in its securities. In particular, the Company expects that its securityholders could experience a significant or complete loss on their investment, depending on the outcome of the Chapter 11 Cases.
