Description

99.1	Press release issued by Celladon Corporation on March 21, 2016 announcing the results of the Special Meeting.

Celladon Announces Results of Special Meeting

San Diego, CA March 21, 2016 – Celladon Corporation (Nasdaq: CLDN) announced today that, based upon the final vote count certified by the independent inspector of elections for the special meeting of stockholders held March 21, 2016, stockholders approved all of the merger-related proposals, including: (i) the merger and issuance of Celladon common stock pursuant to the Agreement and Plan of Merger and Reorganization, dated November 18, 2015, by and among Celladon, Celladon Merger Sub, Inc. and Eiger BioPharmaceuticals, Inc., (ii) a 1-for-15 reverse stock split of Celladon common stock and (iii) changing the name of the Company from “Celladon Corporation” to “Eiger BioPharmaceuticals, Inc.” The reverse stock split will become effective immediately following the close of trading on March 22, 2016, and the closing of the merger and name change are expected to occur immediately thereafter. The consolidated common shares for the combined company are expected to commence trading on The NASDAQ Global Market under the symbol “EIGR” on March 23, 2016.

“We are very pleased with the affirmative vote at today’s special meeting of stockholders concerning our merger with Eiger and we now look forward to closing this transaction,” stated Fredrik Wiklund, Celladon’s President and Chief Executive Officer.

As a result of the reverse stock split, every 15 shares of Celladon common stock outstanding will be combined and reclassified into one share of post-closing Eiger common stock. No fractional shares will be issued in connection with the reverse stock split. Instead, cash, based on the closing price of Eiger common stock on the NASDAQ Global Market on the closing date will be issued in lieu of fractions of shares.

Prior to the closing of the merger, Eiger is expected to receive gross proceeds of \$39.5 million, including the conversion of \$6.0 million in aggregate principal amount under, and all interest accrued on, convertible promissory notes of Eiger, in investment from a combination of certain current and new investors in Eiger. Upon the closing, each holder of Eiger common stock will receive approximately 0.09 shares of Celladon common stock, and upon the closing of the merger, the combined company will have approximately 7.3 million post-reverse split shares outstanding. The Eiger financing proceeds together with approximately \$26.1 million in available, pre-merger cash on Celladon’s balance sheet, is expect to result in approximately \$59 million in cash available for the combined businesses, before the payment of transaction and other fees.
