Item 4. Purpose of Transaction.

The Reporting Person initially acquired the securities of the Issuer with the intent to be a passive investor seeking capital appreciation, believing that such securities were undervalued and represented an attractive investment opportunity.

On November 14, 2023, the Reporting Person issued the Board a letter substantially stating that:

The Reporting Person recently reviewed the Schedule 13D filed by Propel Bio Management, LLC (“**Propel Bio**”) on October 20, 2023, in which Propel Bio expressed its concern with the Issuer’s strategic direction and, more specifically, expressed its desire that the Issuer focuses on the readiness, submission, and potential approval of Lonafarnib as a treatment for Hepatitis Delta Virus (HDV).

In conducting his own research, the Reporting Person reached a similar conclusion and share the opinion that Lonafarnib has significant commercial potential. Accordingly, the Reporting Person believes that the Issuer should seize this opportunity and take the following actions that will potentially strengthen the Issuer overall and enhance shareholder value.

First, the Issuer should file a new drug application for Lonafarnib and finance its development through a private offering with the Issuer’s major shareholders, potentially including the Reporting Person and/or Propel Bio. Second, and just as importantly, following the offering the Issuer should place one or more representatives from its major shareholders on the Issuer’s board of directors (the “Board”). The Reporting Person believes that placing a reputable investor representative on the Board will successfully signal the significant potential of Lonafarnib to the market and have a materially positive impact on the Issuer’s stock price. Further, the Reporting Person does not believe that allocating resources to the development of Lonafarnib will come at the expense of Avexitide.

The Reporting Person wish to work collaboratively with Issuer’s management and the Board to maximize shareholder value at the Company, and updated management and the Board that he intends to file this Schedule 13D to reflect the Reporting Person’s commitment to save the Issuer from further deterioration and set it on the right course.

The Reporting Person may seek to participate and potentially engage in or make proposals in respect of, or may change his intention with respect to, any and all matters or transactions referred to in this Item 4.

The Reporting Person intends to review his investment in the Issuer on a continuing basis and depending upon various factors, including, without limitation, the Issuer’s financial position and strategic direction, overall market conditions, the outcome of any discussions referenced above, other investment opportunities available to the Reporting Person, and the availability of securities of the Issuer at prices that would make the purchase or sale of such securities desirable, the Reporting Person may endeavor (i) to increase or decrease his respective positions in the Issuer through, among other things, the purchase or sale of securities of the Issuer, including through transactions involving Common Stock and/or other equity, debt, notes, other securities, or derivative or other instruments that are based upon or relate to the value of securities of the Issuer in the open market or in private transactions or otherwise, on such terms and at such times as the Reporting Person may deem advisable; and/or (ii) to enter into transactions that increase or hedge his economic exposure to the Common Stock without affecting his beneficial ownership of shares of Common Stock. In addition, the Reporting Person may, at any time and from time to time, (A) review or reconsider his position and/or change his purpose and/or formulate plans or proposals with respect thereto and (B) propose or consider one or more of the actions described in subparagraphs (a) - (j) of Item 4 of Schedule 13D.

For the avoidance of doubt, the Reporting Person is not acting as a group with Propel Bio.

This follows a reverse stock split of the Issuer's outstanding Common Stock at a ratio of 1-for-30 which became effective at 11:59 p.m. Eastern Time, on January 5, 2024.
